

UBERLUB 10W-60 RACING+ FULL SYNTHETIC ENGINE OIL

UBERLUB 10W-60 RACING+ is a fully synthetic high-performance engine oil that has been specifically developed for use under the most challenging racing conditions and is successfully used by various race teams in a great variety of racing series. Optimally matched additives lend this product all the properties needed to win races. At the same time, the greatest importance was also placed on ensuring protection of highly stressed racing engines. A further development focus of our racing motor oils was extremely high oxidation and viscosity stability, offering outstanding benefits in even the longest races
